

## June 3, 2021 Listening Session on how NM can use ARPA (American Rescue Plan) Funds

Lieutenant Governor  
Howie Morales

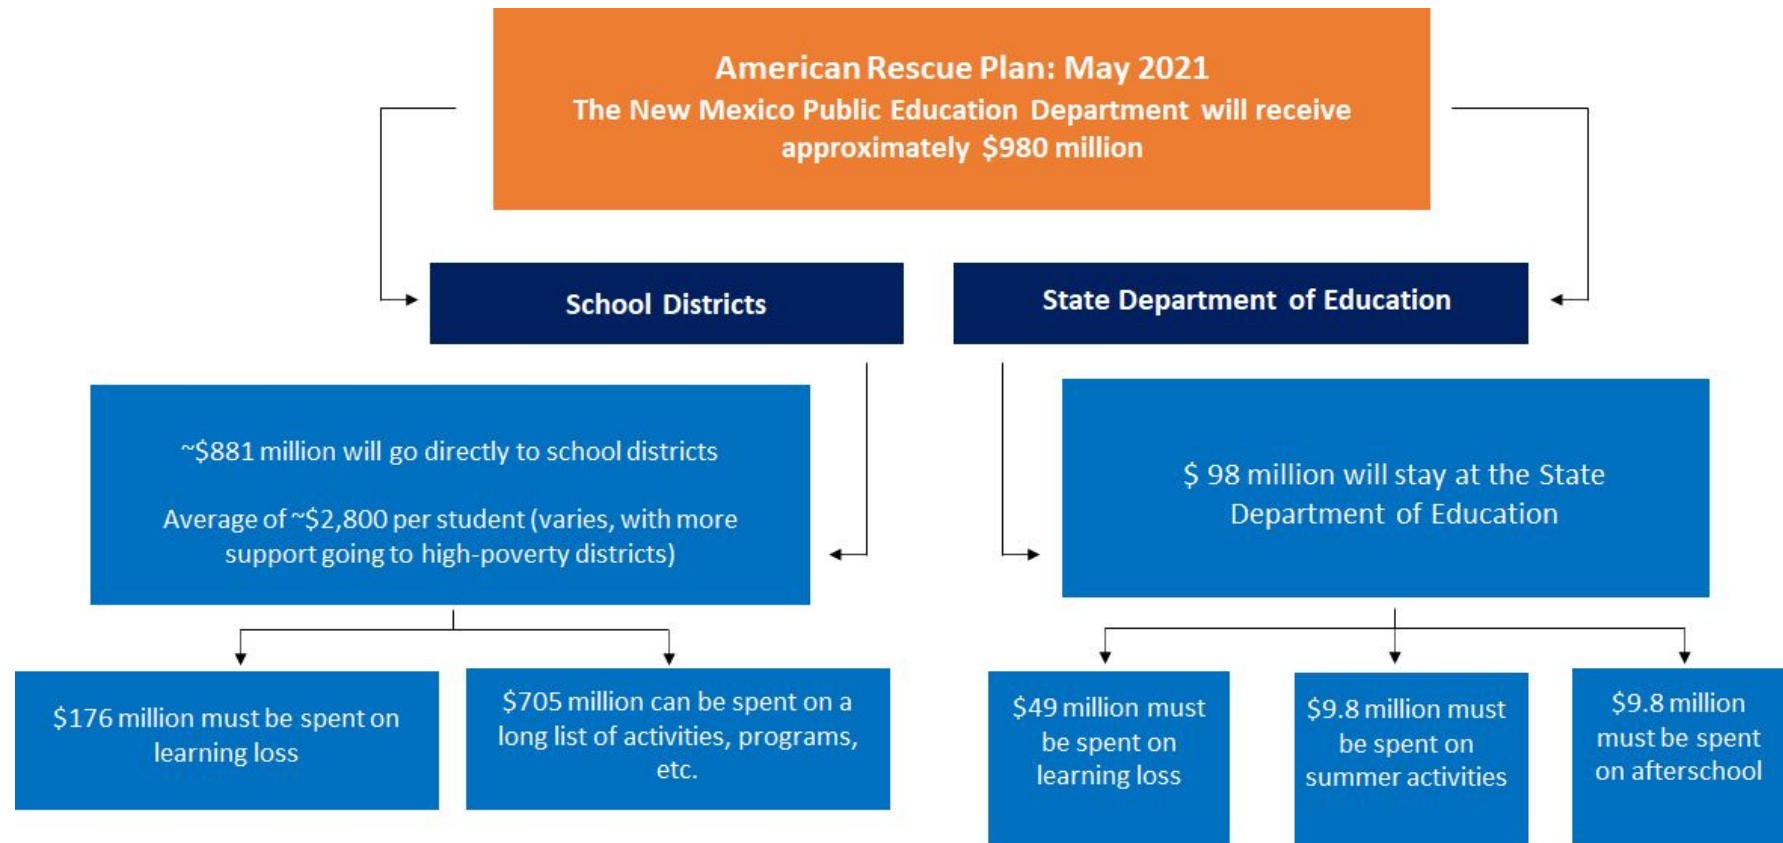

Senator  
Siah Correa Hemphill

Deputy Secretary  
Katarina Sandoval, Ed.M.

Deputy Secretary  
Gwen Perea Warniment, Ph.D.

## Evidence Base for Summer and Afterschool Learning

The evidence base shows well-designed and well-delivered summer enrichment and comprehensive afterschool can address “learning loss,” accelerate learning, and expand opportunities for student success.

-- Dr. Terry K. Peterson and Dr. Deborah Lowe Vandell

[The Evidence Base for Summer Enrichment and Comprehensive Afterschool Opportunities](#)

## **US Department of Education Recommendations for OST Implementation: ESSER III**

- Partner with families.
- Focus on student-adult relationships.
- Enrichment opportunities that support social, emotional, and
- Academic development.
- Make programs free, inclusive, and supportive of families.
- Provide flexibility to increase access.
- Build in frequent program assessment and evaluation.
- Scale up existing programs that have demonstrated results.

## **US Department of Education is emphasizing school-community partnership**

- Shared professional development to ensure evidence-based practices are implemented across agencies and locations;
- Delivery of enrichment opportunities, service learning and entrepreneurship;
- Providing wrap-around services and community supports;
- Space sharing to expand opportunities for more varied experiences
- Shared staff to maximize capacity and tap into different expertise; and,
- Coordinated services to meet youth and families' economic, health, food needs.

Both networks have been hosting community sessions since March 2020 and have the pulse of what's going on statewide and what's needed in terms of resources
