

VISION

Every New Mexican should have access to high-quality, engaging, and meaningful outdoor and environmental educational opportunities.

MISSION

Through implementing an advocacy-focused movement as well as advancing collaboration and leadership, EENM will ensure every NM child has equitable access to outdoor learning.

ENVIRONMENTAL EDUCATION OF NEW MEXICO

WHY OUTDOOR EDUCATION?

Our children spend more time indoors than ever before. They are disconnected from nature and the joy that comes from exploring their community. The effects of “nature deficit disorder” are reflected in increasing child obesity rates and declining academic scores.

OUR FOUR MAIN FOCUS AREAS:

- LEADERSHIP AND COLLABORATION
- ADVERTISING AND MARKETING
- PROFESSIONAL DEVELOPMENT
- ADVOCACY AND POLICY
